## Organization.

THE DEPARTMENTS COMPRISING THE COURSE OF STUDY of this institution are:

1. The Department of Literature and the Arts.
2. The Departments of Science.

### DEGREES.

1. Bachelor of Arts; 2. Bachelor of Science; 3. Master of Arts.

The degree A. B. will be conferred only on those who have satisfactorily completed the studies prescribed for the Classical Course.

The degree of B. S. will be conferred only on those who have completed the prescribed Scientific Course.

The degree of Master of Arts may be conferred on any student who, after receiving the degree of Bachelor of Arts, or Bachelor of Science from this College or from some other institution of equal grade, shall have passed a satisfactory examination on the M. A. Course.

## Requisites for Admission into College Classes.

1. Candidates for admission into the Freshman Class of the Bachelor of Arts Course, must be able to sustain a satisfactory examination on the following or *equivalent* studies: U. S. History, English Grammar and Composition, Arithmetic, Geography, Algebra (*through* Equations of the second degree), Latin Grammar and Reader, Cæser, Virgil's Aeneid (six books), Cicero's Orations, Greek Grammar, Greek Lessons, Anabasis (first book).

2. Candidates for admission to the Freshman Class of the Bachelor of Science Course will be examined on the same studies required for the Bachelor of Arts Course except Greek.

3. Applicants for a higher standing will be examined in the same studies, and also in that part of the course gone over by the class to which they may desire admission.

4. All students must bring satisfactory testimonials of good moral character; and those from other colleges certificates of dismission in good standing.

Thorough acquaintance with the studies required for admission is indispensably necessary in order to receive the full benefit of the subsequent College Course. It is found by experience that students imperfectly prepared for the class they enter are embarrassed in their future progress, and seldom repair the want of proper preparatory study.

## Courses of Study.

Candidates for degrees must complete the full course prescribed either for the degree of A. B. or B. S. Any student not a candidate for a degree may pursue a select course of not less than *three* studies.

The English Course prescribed is more thorough than heretofore required. With most students who come to us there is lamentable deficiency in the correct knowledge and use of our language. We have, therefore, enlarged the course with the design of removing this deficiency.

In the modern European languages the student is required to render exercises both orally and in writing, as well as to translate regular discourse. Thus the natural and scientific methods are both daily employed.

The members of the Senior Class deliver orations before the Faculty and students throughout the year. Greek and Latin Composition will be attended to during the first three years of the Classical Course. Dictation, Declamation and Composition in the French and German Languages will be attended to throughout the whole Scientific Course. Chemistry is taught by Recitation and Lecture, accompanied with Experiments. Regular Lectures will be delivered by the President and Professors upon the subjects connected with their several departments.

## VOCAL MUSIC.

The Course of Instruction in Vocal Music begins with the elementary principles. Special attention will be given to Sight Reading, Voice Building, Chorus Drill, and Harmony, with the use of Normal Music Charts (First and Second Series,) Text-Books and Exercises. Work in this course is left to the option of the student, the charges being extra.

## OF REPORTS.

Bi-monthly reports are transmitted to the parent or guardian of each student, showing his scholarship and deportment.

→ Post-Graduate Course for Master of Arts. ←

The degree of Master of Arts may be conferred on Bachelors of Arts or Bachelors of Science, of at least one year's standing, on completing any *one* of the following groups of studies and passing satisfactory examination upon the same:

I.

(1) ENGLISH—Sweet's Anglo-Saxon Reader; Bright's Anglo-Saxon Gospels; Saintsbury's *Elizabethan Literature*; Dowden's *Mind and Art of Shakespeare*.

(2) HISTORY—Ancient History, (Thalheimer) Green's History of the English People; Guizot's History of Civilization; United States History.

(3) FRENCH—Whitney's French Grammar; any *one* play of Moliers, Racine and Corneille; *Les Deux Sourds* (Jules Moineaux); Saintsbury's French Literature.

II.

(1) MATHEMATICS—Differential and Integral Calculus, or Descriptive Geomentry (Church).

(2) LATIN—Juvenal; Plautus or Terrence; Cruttwell's History of Roman Literature.

(3) GREEK—Euripides Medea; Clouds of Aristophanes; Study of Greek Literature (Jevons); Grote's History of Greece.

III.

(1) CHEMISTRY—Remsen's Organic Chemistry; William's Laboratory Manual; Remsen's Theoretical Chemistry.

(2) PHYSICS—Ganot's Physics; "The Conservation of Energy" (Balfour Stewart); Loomis' "Treatise on Meteorology."

(3) NATURAL HISTORY—"Elements of Geology" (Le Conte); Mineralogy and Lithology (Dana); Zoology.

IV.

(1) PHILOSOPHY—Metaphysics of Sir William Hamilton; Moral Philosophy (Lotze's Outlines); Logic; Evidences of Christianity (Butler's Analogy).

(2) POLITICAL ECONOMY—Mill's.

(3) ASTRONOMY—Young's Manual of Astronomy, with practical work.

By consent of the Faculty, an equivalent may be substituted for any *one* subject in either of these four courses.

The candidate must pursue the course selected for at least two years before receiving the degree.

General Information.

Meals at Steward's Hall, including room, bed, washing, lights, fuel, the students to furnish one quilt and his own toilet articles (per scholastic month).....	13 50
Matriculation Fee charged only once on entering College Class .....	5 00
Board and Lodging can be obtained in private families, ranging from \$15 to \$20 per month.	

Any student by paying cash in advance from the time of entrance to the close of the session, may obtain tuition at the rate of thirty-five dollars (\$35.00) per session in the Preparatory department, and fifty dollars (\$50.00) per session in the College department.

LIBRARY.

The College Library contains about 3000 well selected volumes of both ancient and modern literature. The importance of such a Library to the reading student, during his Collegiate Course, is too obvious to need remark. The Library is accessible to all students.

APPARATUS AND CABINET.

The College possesses a valuable set of Philosophical, Astronomical and Chemical Apparatus, and also a well-selected Mineralogical and Geological Cabinet. In the Chemical and Philosophical department special attention will be given to training students to conduct experiments for themselves.

One great object of the instructor should be to make the scholar practical as well as theoretical. Much is left for the teacher to supply which is not found in the text-books. There is much valuable information which can only be obtained by oral instruction, by experiment and practice. With this view, all Recitations and Lectures will be rather practical than theoretical, and the Theodolite, Compass, Telescope, etc., will be employed by the Professor in actual observations and surveys, thus properly enforcing and illustrating Mathematical and Philosophical principles by application.

### ALUMNI ASSOCIATION.

There is an annual meeting of the Alumni Association on Tuesday before the first Wednesday in June, on which occasion an oration is delivered and poem read by members previously chosen.

A business meeting is held during Commencement week, at which the orator and poet for the following Commencement are selected.

### YOUNG MEN'S CHRISTIAN ASSOCIATION.

This organization is now entering upon the fifth year of its prosperous career. The officers are as follows:

HENRY N. PHARR,	- - - - -	President.
JOHN D. ELLIS,	- - - - -	Vice-President.
NICHOLAS JOYNER,	- - - - -	Cor. Secretary.
C. D. ATKINSON,	- - - - -	Rec. Secretary.
SAM. B. BEALL,	- - - - -	Treasurer.
ROBERT E. RUTLEDGE,	- - - - -	Librarian.
JOHN M. CARTER,	- - - - -	Ass't. Librarian.

In connection with a well-equipped Devotional Hall, the Association has recently established a Library and Reading Room, which, through the efforts and liberality of appreciative friends, is constantly receiving valuable additions to its steadily increasing attractions.

Bi-monthly lectures are delivered before the Association by members of the Faculty.

### LITERARY SOCIETIES.

There are two regular Literary Societies connected with the institution. These are of great utility to a young man acquiring a liberal education—improving him in the art of public speaking and making him in some degree familiar with the proceedings of deliberate bodies, and in cultivating systematic business habits. Each Society has its own handsomely-furnished hall, and a library of about 1600 volumes. There is a joint exhibition of the two Societies in the middle of the session, and an anniversary exhibition on Tuesday next preceding Commencement day.

In addition to the advantages above mentioned, each Society secures a column in some popular newspaper of the State, and appoints its "editor and associate" to edit it and any of the members are at liberty to write. In these columns appear pro-

ductions from the Preparatory to the Senior Class. This practice has been rigidly observed for several years, and with most gratifying results. Each Society is represented by two of its Senior Class in a joint Prize Debate on Wednesday evening of Commencement.

## • Prizes and Medals. •

### "McGEHEE MEDAL."

The Hon. G. T. McGehee offers a Gold Medal for the best oration in the College Classes below the Senior. The award will be made in reference to both Composition and Declamation.

### SOCIETY MEDALS.

Each of the two Literary Societies has established a Gold Medal for excellence in debate. These medals will be conferred upon a joint competitive debate held on Wednesday night of Commencement.

### SENIOR SCHOLARSHIP MEDAL.

A Gold Medal is offered for the highest average grade in all departments during the Senior year. This medal is the gift of Mr. Edward S. Fagg, of Montgomery, White Sulphur Springs, Virginia.

### GREEK MEDAL.

Prof. J. M. Sullivan offers a Gold Medal to that member of the Junior Class who shall excel in Greek. Students competing for this medal must be in regular pursuit of the A. B. Course.

### DECLAMATION MEDAL.

A medal is offered by Mrs. J. N. Pharr to the best declaimer of the Preparatory Department.

### PENMANSHIP PRIZE.

A prize is offered in the Preparatory Department for improvement in penmanship.

## • Preparatory Department. •

Special attention will be given in this department to Reading, Geography, Arithmetic, History, Penmanship, Composition and Declamation; so that should a student not take the entire course, he still would be furnished with a good business education.

## EXTRACTS FROM THE STATUTES.

**CHAPTER VI.—*Religious Exercises***—The exercises of every day shall be opened and closed with prayer by the President, or some other member of the Faculty, when all the students shall attend.

2. The student shall attend Divine worship in the College Chapel, or elsewhere, every Sabbath.

3. The due observance of the Sabbath is earnestly recommended, and practices inconsistent with the reverence due to the day are expressly prohibited.

**CHAPTER VII.—*Of Punishment, of Misdemeanor and Offences***—

1. The Punishments in the College shall be admonition, private and public; dismissal; suspension for a limited time; suspension for an indefinite time and expulsion.

4. If any student shall neglect his studies or interrupt the studies of another, or disturb, or impede any officer in his lawful employment, or be guilty of profane cursing or swearing, of intoxication, or striking, or insulting words or gesture, a fellow student, of keeping company of persons of known immorality, of playing at cards, dice, or other games of chance, or any other thing grossly immoral, of which the Faculty shall be the Judge, he shall at their discretion receive any punishment.

**CHAPTER XII.—*Of Commencement, Sessions, Examinations and Vacations***.—There shall be two Annual Examinations: one in the middle of the session; the other commencing on Monday preceding the last Wednesday in May. The Commencement day shall be the first Wednesday in June.

2. The regular Academic year shall begin on the first Wednesday in September of each year.

3. The only regular holidays will be on Thanksgiving day, Christmas day and New Year's day. The regular vacation shall be from Commencement day to the first Wednesday of September of each year.

**CHAPTER XIII.—*Of Expenditures***.—Every student whose parent or guardian does not reside in Jackson, or immediate vicinity, is recommended to have an Academical guardian nominated by himself, with the consent of his parent or legal guardian whose duty it shall be to take charge of his expenditures, and with whom shall be deposited such a sum of money as his parent may think proper. In the article of pocket money the strictest economy is most earnestly recommended and requested.

**HISTORICAL MENTION, ETC.**

This College was established by the State of Louisiana in 1825, and was taken under the patronage of the Methodist Episcopal Church South, in 1845, and has been constantly growing in importance and usefulness. It is located in the village of Jackson, about five miles from Ethel Station, on the Mississippi Valley Railroad, four miles from McManus, a flag station on the same road, and twelve miles from Bayou Sara, on the Mississippi river. The location is remarkable for its beautiful groves of pine, magnolia, oak and beech, its unrivaled healthfulness, and social advantages.

The buildings consist of a commodious Steward's Hall, two brick Dormitories, containing each twenty-four rooms, and a magnificent centre building. This latter has been erected at an expense of over sixty thousand dollars. It contains a Chapel for public exhibitions large enough to seat over two thousand persons, two large Society Halls, a Chapel for prayer, eight commodious Recitation Rooms, one Library Room, Cabinet Room, separate rooms for Chemical and Philosophical Apparatus, an office, and other rooms for other purposes.

The government is mild and parental, but consistent and firm. If a student is found to be incorrigibly vicious or idle he is dismissed. The rewards consist of merit marks, and public honors on the day of Commencement. So that by every incentive, by appeals to the nobler principles of the nature, by affectionate entreaty and friendly counsel, by the hope of distinction and the fear of disgrace, the Faculty endeavor to maintain order and the purest morality.

**ACCESSIBILITY.**

The Mississippi Valley Railroad renders the College easily accessible from all parts of the country. Telephonic and, hence, telegraphic connection puts Jackson, La.,—the seat of the college—into communication with the outside world. Telegrams should be sent to Jackson via Ethel Station.

**PROHIBITION.**

The sale and purchase of liquors and wines, except for medical and mechanical uses, are prohibited, by act of Legislature, within five miles of the College.

## Annual Report of the President.

TO THE HONORABLE PRESIDENT AND MEMBERS OF THE BOARD OF TRUSTEES.

*Gentlemen:*—It affords me pleasure to be able to report at the close of another session that a good degree of prosperity has attended our labors at Centenary during the past year. The number of students reached one hundred and thirty eight, including two post-graduates. The work of the professors and teachers has been, I think, faithfully performed, and the students generally have been orderly and diligent.

There has been no serious illness, except the case of B. R. Tanner, aged 21, who died it is believed in consequence of his own imprudence. He was a faithful student. A mild form of measles prevailed at one time during which the citizens of the town bestowed the kindest attention upon the sick students. According to the instruction of this Board repairs and improvements upon the buildings have been continued during the year. In eight rooms including the Museum and College Library, ceiling has been put in the place of plastering overhead. Other rooms need similar treatment. More than \$150 has been expended in slating the roofs and glazing the windows and the specimen cases in the Museum. The Preparatory Department has been furnished with new and comfortable desks and seats. To the apparatus has been added an Electro-Dynamic Machine of the most recent style for illustrations in that branch of Electricity.

Twenty-two licensed preachers and fifteen sons of preachers have been in attendance during the session. The reading and study of the Scriptures by all the students at morning and evening prayers has been emphasized, and the Y. M. C. A. has been kept in active operation. The president has held regular meetings every Saturday morning for the special instruction and benefit of the young preachers.

A powerful revival of religion occurred recently among the students, many being soundly converted and others signally blessed. We have not however escaped the manifest opposition of the Devil to the good work we are doing in the College. Yet, through God's mercy, evils have been averted and order has been maintained to the close of the session.

Our endowment has grown to about \$65,000, yet, though the interest is paid fairly well, our needs are not supplied. We require another professor of Languages; we need new books in the Library, large addition to the apparatus, houses for the professors, and several professorships should be endowed with not less than \$20,000 each.

(Could this Board devise a plan for securing some or all of these results, especially the last, they would place the college on a more stable foundation, and thereby, with the blessing of God, insure its permanent and enlarged usefulness in the future.)

Respectfully,

W. L. C. HUNNICUTT,

PRESIDENT.

Under the recommendation of a committee consisting of W. L. C. Hunnicutt, Peter James, and John A. Ellis the Trustees of Centenary College of La., recently adopted the following:

ADDRESS TO THE PUBLIC.

In order that Centenary College of Louisiana may be placed upon a more stable foundation and that all its appliances for education may be elevated and enlarged, we the Trustees thereof do urge its friends everywhere to continue to subscribe interest bearing and installment notes as heretofore for its endowment.

We also recommend the endowment of Board and Tuition Scholarships with \$2500 and Tuition Scholarships with \$1000 each. But that the ends desired may be more speedily and effectually reached we most especially invite those who are able to endow Professorships in said College with not less than \$20,000 each, the same to bear the names of the donors, if desired, or of any other person whose memory they would perpetuate and honor.

To this end we invite correspondence with reference to the endowment of any one of the following Professorships: Theology and Biblical Literature; Ancient Languages; Physics and Astronomy; Mathematics; English Language and Literature; History and Political Economy.
